

Liquid Fertilizer

With micro nutrients LEAFGEN

- Use for **foliar spray**.
 - Containing Organic acid and sugar with N, P, K contents.
 - Effective for recovery under abnormal climate.
- 【Usage】 Foliar spray : 500 times dilution.

With micro nutrients SAM

- Use for **foliar spray**.
 - Well balanced N, P, K with micro nutrients.
 - Effective for recovery under abnormal climate.
 - Healthy seeding with good root be obtained.
- 【Usage】 • Foliar spray : More than 500 times dilution.
• With Agrichemicals : More than 1000 times dilution.
